DEPARTMENT OF
INDUSTRIAL SYSTEMS ENGINEERING
For several decades, AIT has served in the development of the region by equipping young engineers with the high-tech knowledge required to work in complex industrial environments. Since its inception, the Industrial Systems Engineering (ISE) thematic group at AIT has contributed to this mission by focusing on industrial competitiveness and innovation for sustainable growth in the region.

The ISE group is comprised of the following field of studies:

- Bio-Nano Material Science and Engineering
- Industrial and Manufacturing Engineering (IME)
- Mechatronics (MEC)
- Microelectronics and Embedded Systems (MES)

**SCHOLARSHIPS**

1. HM King’s and HM Queen's Scholarship
2. Asian Development Bank - Japan Scholarship Program (ADB-JSP)
3. China Scholarship Council

**FELLOWSHIP**

1. Royal Thai Government
2. Asian Institute of Technology

for more information see here https://www.ait.ac.th/admissions/scholarships/

**RESEARCH GROUP**

- A-Cube Research Group
- Advanced Robotic Research Group
- Motion Control and Haptics Research Group
- Internet of Things Research Group
- Non-Linear Dynamic System and Control Group
- Operation Research Group

**CENTERS AND LAB**

- Advanced Mechatronics Lab
- AM Space
- Machine Shop and Prototyping Center
